BERLIN COMMENTS BUT LIGHTLY ON AMERICAN NOTE

Few Newspapers Have Much to Say About Latest Communication of United States to British Foreign Office.

Berlin, Nov. 8.—(By Evening Herald Special Wire.)—Berlin newspapers as a rule make no comment on the American note to Great Britain relative to interference with shipping. Summaries of the note as received in Berlin were published even without indications in headlines of significance attached to the communication. The Morgenpost, however, makes the following comment:

"It is to be hoped the lesson in international law which the Washington government gives the British government will make the desired impression in London. The basic fact that the American government does not intend to make any compromise in its policy of non-interference with shipping is clear."

The newspapers generally give great prominence to the article in the Washington Post Ambassador Hornbostel's commentary on the British note, which is said to have been sent to the British government by a German submarine officer who had surrendered or whose swimmer had been seen.

CHINESE GOVERNMENT TO REMAIN AS IT IS FOR YEAR, IS ANNOUNCED

CENTRAL POWERS NOW CONTROL TWO-THIRDS OF SERBIA

Expected to Have Main Railroad Through Country Running Shortly, Giving Two Routes to Constantinople.

GERMANS CAPTURE IMPORTANT POSITION

Russians Continue Policy of Sharp, Unexpected Attacks at Various Points; Western Front Quiet.

(By Evening Herald Special Wire.) London, Nov. 8.—(11:45 a. m.)—The central powers and their Bulgarian ally now control about two-thirds of Serbia and within a few weeks probably will have the main Serbian railroad running through Belgrade and Nis, in full operation. This will give them two routes to Constantinople, as communication by way of the Danube to Bulgaria is already open.

That this has not been accomplished without weakening the other fronts is indicated by definite news of Russian advances on the Riga front. The last part of the German battle line in which the invaders kept up anything in the nature of a definite offensive.

Thus far the plans of the central powers in the Balkans have worked like well-oiled machinery, but the latest news from Macedonia indicates the initiative is not to be left entirely to the invaders much longer. Reports come by way of Paris that the Allies have been making their preparations for an offensive against the Bulgarians. The entire line, which their operations are proceeding along the whole front with success.

It is reported also that the Serbians holding part of the Macedonian front have checked the Bulgarians, after inflicting heavy losses on them.

The Russians continue their policy of sharp and unexpected attacks at various points along the front. Except for artillery exchanges on the western front, nothing of great importance has occurred recently in that theater of war.

GERMANS CAPTURE THE MAIN SERBIAN POSITIONS (Berlin, Nov. 8.—(By Evening Herald Special Wire.)—The capture by the Germans of the main Serbian positions south of Kragujevac was announced today by German army headquarters.

In the capture of Kragujevac by the Germans seven thousand Serbians were made prisoners.

GOVERNMENT MEN SEIZE JEWELRY OF GEN. VILLA

Gold Medal Given Mexican Chieftain for Valor and a Quantity of Other Goods of Doubtful Ownership Taken.

(By Evening Herald Special Wire.) El Paso, Texas, Nov. 8.—Twenty thousand dollars' worth of jewelry, including the personal gold medal of General Francisco Villa, was seized as embezzled goods in this city today by Special Agent Locke of the treasury department. It is not known whether the seizure was the property of General Villa.

The seizure was made upon the charge that the jewelry was embezzled, preferred by I. J. Ayers and G. P. Locke, the special agents of the treasury department. It is not known whether the seizure was the property of General Villa.

The jewelry was found in a large safe in the bedroom of George Benson, the uncle of Hipolito Villa, who is financial agent of the Villa government in Juarez.

Mrs. Hipolito Villa, who was present at the seizure, opened the safe at the request of the special agents. The inner compartments were opened by the agents after Mrs. Villa declared she did not have the keys.

Such articles as Mrs. Villa declared were her property were left in her possession, but the bulk of the property was taken to the custom house labeled "embezzled property."

Among the articles found were a gold medal given General Villa in 1914, bearing the inscription, "To General Francisco Villa from the constitutional government for personal valor," ten diamond rings, a necklace with a diamond and pearl pendant set with diamonds of not less than a karat weight, several pairs of diamond earrings, one elaborate diamond brooch set in platinum and many small articles.

Benson, in whose home the property was found, is a driver of a local trucking house.

The safe in which the goods were found was delivered to his home a month ago, being purchased by E. Herrera, according to the treasury department.

BRITAIN FORESEES NO DIFFICULTY WITH THE U.S.

President's Note Characterized as Pedantic Rather Than Threatening; Hint of Personal Politics Injected.

(By Evening Herald Special Wire.) London, Nov. 8.—(11 a. m.)—"The lighted opinion here is not uneasy over President Wilson's note," says the London Correspondent of the Manchester Guardian, who is in the closest touch with public opinion.

"The president's attitude," continues the correspondent, "is regarded as on the whole somewhat pedantic, but as not intent on any degree of provocation. It is thought in such a fashion as to keep American rights intact and unimpeded and at the same time to keep the discussion from developing into a quarrel."

"The only danger that is foreseen here from the president's attitude is a political kind. The presidential election in the United States is drawing near and in presidential campaigns everything is in public interest to the melting pot. There are big vested interests in America, notably the Chicago meat packers, that are aggrieved by our practices based upon the order in contract of March, last."

SENATOR HITCHCOCK FOR PREPAREDNESS (Cleveland, Nov. 8.—(By Evening Herald Special Wire.)—Senator Albert M. Hitchcock today advocated the development of our national defenses along practical and effective lines.

Preparation should be made not because war is probable but because it is possible. Five days before the breaking out of the European war, he declared, 93 out of 100 persons would have declared it impossible.

"Yet," he said, "it came and its coming aroused the American people to the fact that war is possible, even to nations that do not want it and try to avoid it."

EMPIRE PLAN MUST WAIT FOR A TIME AT LEAST

Japan Assures Powers She Will Make No Demonstration Against China Pending Negotiations.

OFFICIALDOM GATHERS FOR THE CORONATION

American Flagship Arrives at Kobe and Gives Prescribed Salute; Decorations Are Given Diplomats.

(By Evening Herald Special Wire.) Peking, Nov. 8.—The Associated Press was authorized today to state that the Chinese government had decided no change could be made this year in the form of government in the country.

Election returns given out today make it certain that the proposal to re-establish a monarchical form of government has been adopted. These returns show that eighteen of the twenty-two provinces already have given solid support to the project. The election will be completed, but restoration of the monarchy will be delayed.

The decision to postpone the change in China's government results from representations made by Japan, Great Britain, France and Russia that such a change might endanger the peace of the Orient.

JAPAN WILL MAKE NO DEMONSTRATION ON CHINA (Kyoto, Japan, Nov. 8.—Japan has assured the powers she has no intention of making a military or naval demonstration against China against the pending negotiations for postponement of the re-establishment of a monarchy at this point in the form of government should be decided upon.

According to a report current in Kyoto, which is believed to be authentic, President Yuan Shi Kai intended to proclaim himself emperor of China on November 16, the day of the first coronation feast in Japan. The idea of the enthronement of Yuan Shi Kai simultaneously with the coronation of Emperor Yoshihito was displeasing to representative Japanese.

Most of the diplomats and special envoys who have arrived here to attend the coronation ceremonies are quartered at the Kyoto hotel, which has been refurbished from cellar to roof.

All the members of the cabinet are here and when they are not engaged in general work they are engaged in considering the Chinese question. They are said to believe that President Yuan Shi Kai is disposed to postpone his enthronement as emperor for a time even if he finds it "impossible" to check the monarchical movement. The impression gained here is that Japan regards the possibility of the Chinese president as hostile to Japanese interests.

The United States cruiser Saratoga, flagship of the Asiatic fleet, arrived at Kobe today and gave the salute. After official visits had been exchanged, Rear Admiral Albert J. Wheeler and his staff came to Kyoto and called on the American ambassador, George W. Gihon.

American officials and civilians are predominant among the guests at the Kyoto hotel, at which there is being held a series of luncheons and dinners.

Emperor Yoshihito, in commemoration of the coronation, bestowed decorations today on the ambassadors and ministers in Japan, with the exception of the American and Swiss representatives, who are prevented by the laws of their countries from accepting such decorations. In view of this fact the emperor presented to Mrs. Guthrie a golden basket box.

Gifts for the emperor are being prepared in great numbers. Emperor Nicholas of Russia sent a huge and rare vase of pink jade from the Ural mountains. President Poincare of France sent Sevres vases.
